

# CONTENTS.

## CHAPTER I.

### THE MANAGEMENT OF THE CHILD.

Parents	19
The Distracting Parent	20
The Coöperative Parent	21
The Courage Building Parent	22
The Sympathy Extending Parent	22
Operators	23
The Frightened Operator	23
The Doting Operator	23
Reception Room	26
Operating Room	30
Establishing Acquaintance	33
The Types of Behavior	41

## CHAPTER II.

### THE MANAGEMENT OF THE OFFICE.

The Assistant	50
Parents in the Operating Room	55
Length of the Appointments	56
The Business Side of Juvenile Dentistry	58
Building and Maintaining a Practice	60
Prophylaxis Notice	63
Excuse Slip	64
Appointment Card	64
Memory Chasers	65
Professional Data	67
Business Data	68
Social Data	69
Fees	70
Estimated or Stipulated Costs	73
Charge for Examination	74
Cost of Dental Services for Children	78

## CHAPTER III.

### GROWTH OF THE MIXED DENTITION.

Calcification, Eruption, Exfoliation	82
Incisors	82
Cuspids	84
Bicuspids	84
First Molars	84
Second Molars	84
Third Molars	84
Eruption of the First Dentition	85
Lancing the Gums	85
Resorption	86
Eruption of the Permanent Teeth	88
Enamel	89
Erosion	89
Abrasion	90
Opaque Enamel Areas	91
Pitted Enamel	91
Mottled Enamel	93

## CHAPTER IV.

MORPHOLOGY OF THE DECIDUOUS MOLARS, WITH SPECIAL REFERENCE TO PULP CAVITY AND ITS RELATION TO CAVITY PREPARATION.	
The Cusps	96
Pit and Groove Pattern of the Occlusal Surface	96
Surfaces and Borders	97
The Upper First Deciduous Molar	97
The Buccal Surface	98
The Lingual Surface	99
The Mesial Surface	100
The Distal Surface	100
The Occlusal Surface	101
The Pit and Groove Pattern	101
The Mesial Pit	102
The Distal Pit	102
The Pulp Cavity	102
The Pulp Cavity of the Upper First Deciduous Molar	103
Summary of the Morphology of the Upper First Deciduous Molar with Reference to Operative Procedures	105
The Upper Second Deciduous Molar	106
The Buccal Surface	107
The Lingual Surface	108
The Mesial Surface	108
The Distal Surface	109
The Occlusal Surface	110
The Cusps and Ridges	111
The Pulp Cavity of the Upper Second Deciduous Molar	111
Summary of the Morphology of the Upper Second Deciduous Molar with Reference to Operative Procedures	114
The Lower First Deciduous Molar	115
The Buccal Surface	115
The Lingual Surface	116
The Mesial Surface	117
The Distal Surface	118
The Occlusal Surface	118
The Pulp Cavity of the Lower First Deciduous Molar	120
Summary of the Morphology of the Lower First Deciduous Molar with Reference to Operative Procedures	122
The Lower Second Deciduous Molar	123
The Buccal Surface	123
The Lingual Surface	125
The Mesial Surface	126
The Distal Surface	127
The Occlusal Surface	127
The Cusps and Ridges	129
The Pulp Cavity of the Lower Second Deciduous Molar	130
Summary of the Morphology of the Lower Second Deciduous Molar with Reference to Operative Procedures	132
The Relation of the Deciduous Molars	132
The Cusp Relation of the Upper and Lower Molars	133
The Contacts of the Deciduous Molars	134

## CHAPTER V.

EXAMINATION AND DIAGNOSIS.	
Examination	137
Diagnosis	142
Radiograms	144

Diagnosis—	
The Normal . . . . .	145
Missing Teeth . . . . .	148
Supernumerary Teeth . . . . .	150
Fusion of the Teeth . . . . .	154
Submerging Molars . . . . .	155
Resorption of the Roots Without Successors . . . . .	158
Retention of Teeth. Delayed Exfoliation . . . . .	160
Radiographic Technique . . . . .	162

CHAPTER VI.

PROPHYLAXIS AND PARODONTIA.

Home Care . . . . .	166
Dentifrices . . . . .	167
Office Care . . . . .	168
Prophylaxis . . . . .	169
Thrice Yearly Prophylaxis . . . . .	174
Stains . . . . .	175
Green Stain . . . . .	175
Black Stain . . . . .	176
Orange Stain . . . . .	178
Mouth Infections . . . . .	178
Gingivitis . . . . .	178
Vincent's Infection (Trench Mouth) . . . . .	178
Stomatitis Aphthous (Canker Sore) . . . . .	180

CHAPTER VII.

OPERATIVE PROCEDURES FOR VITAL DECIDUOUS TEETH.

Cavity Preparation . . . . .	182
Class I Cavities . . . . .	184
Class II Cavities . . . . .	186
Class III Cavities . . . . .	190
Silver Nitrate Precipitation . . . . .	192
Willet Inlays . . . . .	195
Willet Overlays . . . . .	195
Use of the Matrix . . . . .	196
Placing the Filling . . . . .	199
Isolation of the Teeth . . . . .	201
Finger Protector . . . . .	201
Carving the Filling . . . . .	202
Fracture from Occlusal Force Prior to Setting . . . . .	203

CHAPTER VIII.

PULP MANAGEMENT IN DECIDUOUS TEETH.

Deep Cavities with Near Exposures . . . . .	207
Preoperative Treatment . . . . .	207
Cavity Lining . . . . .	208
Exposures . . . . .	211
Pulp Capping . . . . .	211
Pulpotomy . . . . .	211
Pulpectomy . . . . .	213
Extraction . . . . .	216
Infected Deciduous Teeth . . . . .	216
General Health . . . . .	219
Oral Health . . . . .	219

General Health -	
Apical Condition	219
Position of the Fistula	219
Age and Resorption	219
Family Finances	220
Acute Abscess	220
Establishing Drainage	220
Treatment	221
Putrescent Teeth	222
Response to Root Canal Treatment	221
Silver Nitrate Stains	224
Rose Bur Treatment	224
Exfoliation	225
Treatment of Accidental Injuries to Deciduous Teeth	226
Discolored Deciduous Teeth	226
Fractures and Loosening of Deciduous Teeth	228

## CHAPTER IX.

## MODIFIED OPERATIVE PROCEDURES FOR YOUNG PERMANENT TEETH.

First Permanent Molar	230
Growth and Development	232
Silver Nitrate Precipitation in Fissures	234
Fissure Opening and Filling	235
Immunization	237
Pit Cavities	238
Kellogg Treatment for Incipient Caries	239
Vital Pulp Management	241
Pulp Capping	242
Pulpotomy (Partial Pulp Removal)	243
Pulpectomy (Complete Pulp Removal)	244
Hypoplastic First Permanent Molars	245
Extraction	249
Bicuspid Teeth	249
Spot Fillings	250
Anterior Teeth	251
Delayed Eruption of One Central	251
Trimming the Incisal Surface	255
Carious Anterior Teeth	256
Restorations for Anterior Teeth	256
Pulpal Involvement in Anterior Teeth	257
Root Resection By C. TAYLOR HALL	258
Diagnosis	258
Operative Procedure	259
Postoperative Care	265
Postoperative Radiographic Examination	266
Fractured and Lost Anterior Teeth	267
Fractures of Teeth	270
Extrusion	270
Fracture of Root	271
Treatment and Restoration of Fractures of Anterior Teeth	272
Clinic Club Survey	282

## CHAPTER X.

## FILLING MATERIALS AND THEIR APPLICATION.

Silver Amalgam	285
Copper Amalgam	287

Silicate Cement (Synthetic Porcelain)	288
Gold Foil and Gold Inlay	291
Mat Gold	292
Tin Foil	292
Cement	293
The Cost of Metals for Restorations	294

CHAPTER XI.

EXTRACTION AND ANESTHESIA.

Extractions	297
The Management Problem During Extraction	298
Extraction of Abscessed Teeth	302
Extracting Instruments	302
Separating the Roots	304
Loose Anterior Teeth	304
Postoperative Treatment	305
Anesthesia	305
Topical Anesthesia	306
Infiltration Anesthesia	307
Conductive Anesthesia	309
Nitrous Oxide and Oxygen	309
Ethyl Chloride By M. H. JACOBS, M.D., D.M.D.	313

CHAPTER XII.

PREVENTIVE ORTHODONTICS.

Classification of Malocclusion	319
Etiology of Malocclusion	320
Simple Remedial Measures for Local Causes of Malocclusion	321
Habits	321
Anomalies	328
Large Permanent Teeth	328
Abnormal Frenum Labium	329
Observation Models	330
Impaction of the First Permanent Molar	331
Space Maintenance	334
Spacing of the Anterior Teeth	337
Spacing of the Posterior Teeth	340
Technique	341
Dentures	346
Cost of Space Maintainers	350

CHAPTER XIII.

PHYSICAL DIAGNOSIS.

By H. V. DWYER, M.D., F.A.C.P.

Introduction	351
General Appearance	352
Growth	352
Obesity and Malnutrition	352
Posture	353
Condition of the Skin	353
Color	353
Skin Lesions	354

Respiration . . . . .	355
The Head . . . . .	356
The Face . . . . .	357
Contour and Expression . . . . .	357
Color . . . . .	358
Movements . . . . .	358
Swelling . . . . .	358
Skin Lesions . . . . .	358
The Eyes . . . . .	360
Swelling . . . . .	360
Inflammation . . . . .	360
Pupils . . . . .	361
Ocular Movements . . . . .	361
The Nose . . . . .	361
The Ears . . . . .	362
The Mouth . . . . .	362
Lips . . . . .	362
Breath . . . . .	362
Buccal Cavity . . . . .	363
The Tongue . . . . .	364
The Gums . . . . .	364
The Teeth . . . . .	366
The Throat . . . . .	367
The Neck . . . . .	368
Diagnostics of Common Conditions in Children . . . . .	369
Measles . . . . .	369
German Measles . . . . .	369
Scarlet Fever . . . . .	370
Diphtheria . . . . .	370
Chickenpox . . . . .	370
Smallpox . . . . .	370
Rheumatic Fever . . . . .	370
Congenital Syphilis . . . . .	371
Purpura . . . . .	371
Scurvy . . . . .	372
Rickets . . . . .	372

## CHAPTER XIV.

TEETH AND THE DIETARY . . . . .	374
---------------------------------	-----
