2

Direct export the results to Endnote

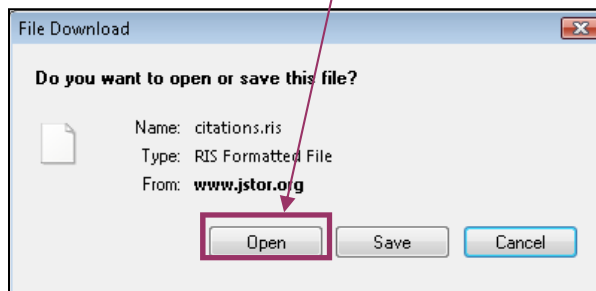

1

Select **RIS file (Endnote, Procite, Reference Manager)** as the export format.

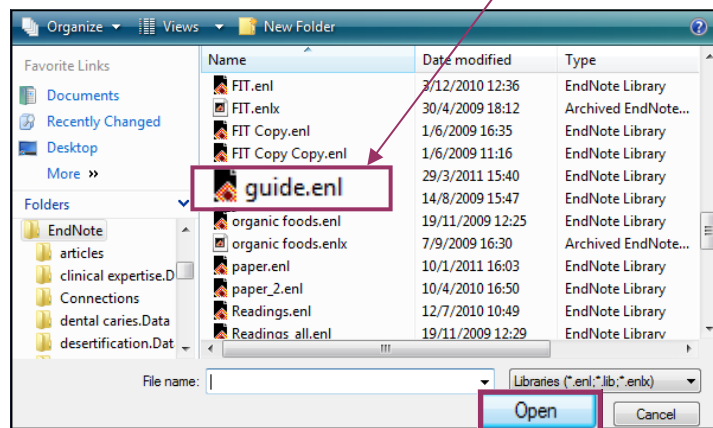

2

You will be prompted to **open** the file

3

Locate your Endnote Library and click on **Open**.

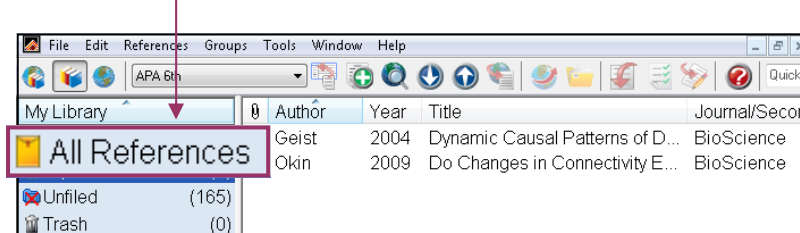

4

The records will be duly imported into the selected Endnote library.

5

Click on **All References** to show all references in your library.

Note: You can also show all references from
Top bar menu > References > Show All References
