# 3    Import to Endnote

**1**   **Open** the Endnote library, e.g. *guide.enl*, that you would like to import the records to. Then select **Import** from the top bar menu: **File** > **Import**
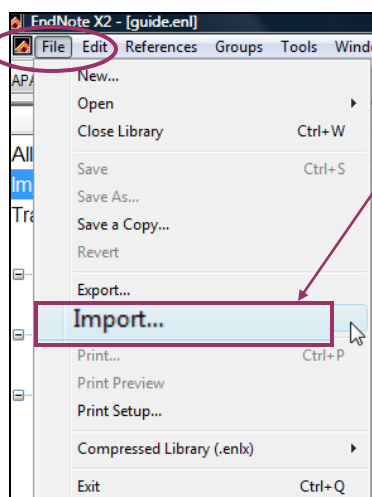

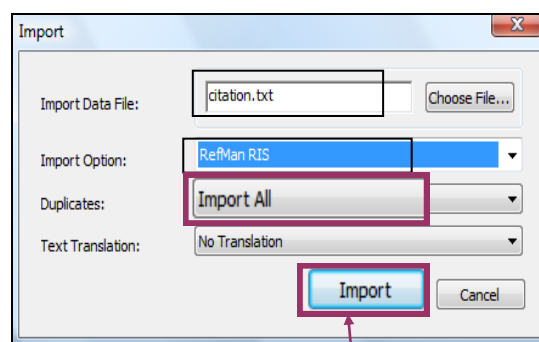

**2**   Choose the **txt file** that you have saved just now.

**3**   Choose the appropriate filter. If **RefMan RIS** is not on the list, select **Other Filters**.

**4**   Locate **RefMan RIS** from the list or type in **RefMan RIS** in the search box and press **Enter** to locate an appropriate filter.

**5**   Read the **Comments** to find out the downloading instructions for this filter.

**6**   Select **Import All** and click on **Import.** Note: To remove identical records, select **Discard Duplicates.**

**7** The records will be duly imported into the selected Endnote library.

**8** Manual editing will be required for some records.  Check for volume, issue and page no. in the record.

**9** Click on **Yes** to save the changes.
