## Wireless Printing: Macbook Installation Guide Music Library

Note: Install the appropriate driver for your selected printer. Once installed, print jobs can be sent to the same model, pending the input of the appropriate address (in Step 14). Please make sure your Macbook is connected to "Universities WiFi", "eduroam" or "HKU". ONLY Copier 2 (Aficio MP 7001) supports wireless printing for Mac in the Msuic Library.

\*It may take about 45 mins to process the installation, depending on the speed and availability of network. If you are in hurry, please use the PC near the Sign in Station for express printing.

1. Go to www.ricoh.com.hk/en/downloads.aspx

RICOH imagine. change.	Hong Kong	User	Account   Contact Us   Site	map   Ricoh Global	中文  English
Home	Products	Services & Solutions	Support	Downloads	About Ricoh
Home > Downloads
