Precautionary health and security measures

All entrants are required to wear a face mask at all times and follow social distancing policies while inside the Libraries. Before entering the Libraries, body temperature checks will be conducted for all entrants, including HKU students and staff.

Students and staff are reminded to bring their valid UID cards, and visitors should produce relevant documents when coming onto campus through all entrances as authorised personnel may perform checks as needed. Visitors without relevant supporting documents may be required to provide personal particulars for our records.

Authorised staff at the entrances may conduct random checks of the bags and items brought with those entering the campus.
