

## Dental Library Floor Guide

Most of the materials in the Dental Library are classified according to the Dewey Decimal Classification Scheme (DDC). Periodicals are shelved by alphabetical order. However, for materials in dentistry, they are classified according to the Black Classification Scheme. The Black Classification Scheme ranges from 617.6 to 617.69. The major divisions are as follows:

Black Class No.	Subject
617.6	Dentistry in general
617.61	Basic sciences
617.62	Conservative dentistry
617.626	Endodontics
617.629	Pedodontics
617.63	Prosthetic dentistry
617.64	Orthodontics
617.65	Dental health and dental care
617.66	Oral pathology
617.67	Oral surgery
617.68	Dental practice and practice management
617.69	Dental anesthesia
