3. ClinicalKey Student Bookshelf

What is Clinicalkey Student Bookshelf?

It allows you to save book titles, highlight text, create flashcards, make notes and share or export the notes to OneNote.

How to add books to the Bookshelf?

1. Search for the books on the **Home** page or under the **Browse** page.

2. Click on any book chapter and click "Add to Bookshelf" and then click the "Launch Bookshelf" button.

3. The book will immediately appear in the Bookshelf.

ClinicalKey Student Bookshelf application

Bookshelf books can be read offline by downloading a desktop app for Windows 10+ (from Microsoft Store) or Mac OS, or via the mobile app available through iOS and Android app stores.

Note: The Bookshelf application installed on desktop or mobile does not allow browsing, searching or adding books directly to the Bookshelf. You have to use the web browser version to add books to Bookshelf in order to read it at the mobile application.

# 4. Set up the mobile app ClinicalKey Student Bookshelf

- Search for **ClinicalKey Student Bookshelf** in App Store or Play Store and install it

- When installation finishes, launch the app
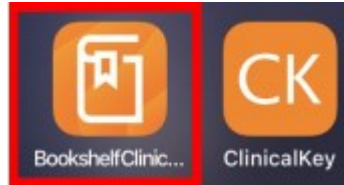

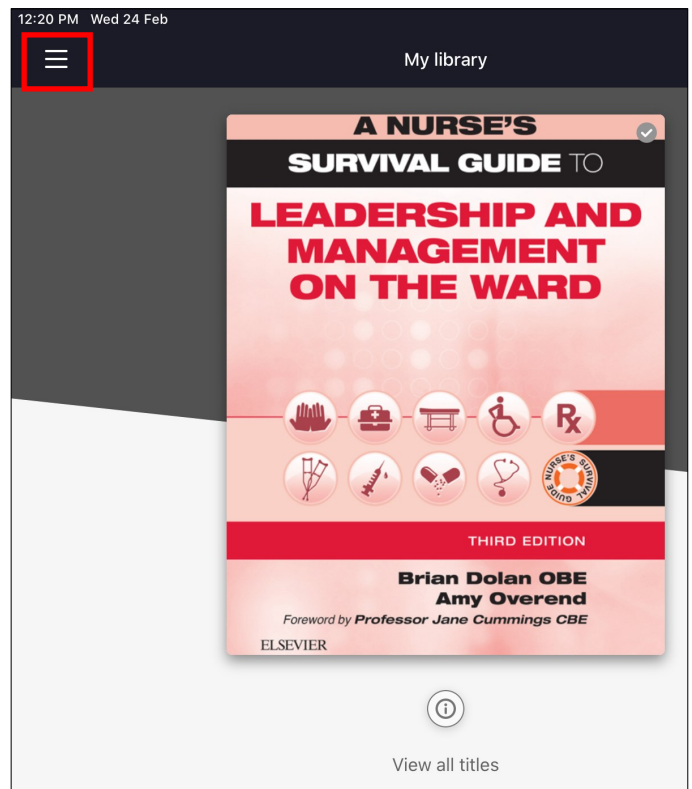

- Tap **Sign in**

- Choose **Nursing users, log in here**

- Input your **registered email address** and **password**
- Tap **Log in**
- Select **University of Hong Kong, IP_HKU IPPU** if Choose Organization window pops up

- Tap the ☰ button to expand the menu

- Tap **Update Library** to download the book to your mobile device
